We Want YOU to Partner with the Library!

We cosponsored a board game event on March 19 with Campus of Nerds and are planning to do a book display with PEAS. We bring the therapy dogs to Study Jam every semester. We want to do more!

Have an idea for an event that you could do in or with the library? Let us know! - JO

Blast from The Past

This is a picture of the class of 1915. My how things change! 1915 saw women who had not yet gained the right to vote, the first cross country phone call, and the first full year of World War I. In Dover, principal and president-to-be Dr. Henry G. Budd oversaw modernization of the campus, as well as the addition of new departments.

Featured Wesley Author: Susan Redington Bobby

The Parker Library recently added a copy of *Beyond His Dark Materials: Innocence and Experience in the Fiction of Philip Pullman*, by Wesley College professor, Susan Redington Bobby, to our collection. This book can currently be found in the New Books section at the front of Parker Library. Its call number is 823.914 B663. -JO

"Beyond the His Dark Materials series lies a vast fictional realm populated by the many diverse character creations of Philip Pullman. During a more than 30-year career, Pullman has created worlds filled with quests, trials, tragedies and triumphs, and this book explores those worlds. The picture books, novellas and novels written for children, adolescents and adults are analyzed through the themes of innocence and experience, and the journeys Pullman sets his characters on, journeys through which they learn that one must embrace change, loss and suffering to grow in wisdom and grace."
