Job Description:
- Ensure the science labs are fully prepared for class.
- Mix or prepare chemicals, make microbiological media, autoclave used media, sterilize supplies,
- Set up prepared slides
- Set up glassware, wash glassware,
- Maintain a supply of water, paper, towels, and soap in the labs
- Work with preserved specimens
- Training new lab assistants

Special Abilities/ Skills:
- A background in science is a plus, but not necessarily required.
- Work w/ the Lab Coordinator, Science Instructors, and other students, so must work well w/others.
- The Lab Assistant must be able to work independently, with little supervision.
- Familiarity with science terms is advantageous, but not necessary with a willingness to learn.

Work Schedule:
- Individual work schedules will be arranged around the employee’s class schedule.

Additional Comments:
- Seeking individuals interested in lab experience & are willing to receive constant on the job. We aim to retain lab assistants for the duration of their stay at Wesley.
- Safety is an important aspect of this job. Every lab requires a different set up, so every day is different.
