Stay #CyberAware

**STOP. THINK. CONNECT.**
Do you know how secure your personal devices are? Here are some tips from stopthinkconnect.org:

**PERSONAL INFORMATION IS LIKE MONEY. VALUE IT. PROTECT IT.**

*Secure your devices:* Use a strong password or Touch ID features to lock your devices.

*Think before you app:* Information about you has value, just like money. Be thoughtful about who gets that info through apps.

*Some locations track your movements* through WiFi or Bluetooth. Disable these when not in use.

*Public WiFi is not secure.* Avoid logging on to personal accounts while on these.

*Delete when done:* Apps you no longer need or use should be deleted.
