Dear Wesley College Family,

Your patience, dedication, and persistence as we collectively deal with the unpredictability and challenges presented by the Coronavirus (COVID-19) embodies our Wolverine Spirit and is very much appreciated.

As a reminder, we were allocated stimulus funds under Higher Education Emergency Relief Fund, as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, that is for the sole purpose of assisting our students in financial need as a result of hardships incurred by the Coronavirus (COVID-19) Pandemic. Though many students have applied for funding, we still have funds available for students in need of financial assistance. If you have questions or would like to apply for funding, please reach out to Dr. Wanda Anderson, Dean of Students at wanda.anderson@wesley.edu.

Additionally, our business office is looking at several possible billing adjustment/credit/refund options regarding prorated room and board, and we would ask for your patience as we work through the details. As previously mentioned, we are hoping to have something formalized as soon as possible, and hopefully by the end of the month or early June.

All mandates issued in previous updates remain in effect unless modified in a subsequent update. Some important mandates worth repeating include:

- The Campus is closed to the public, all personnel considered non-essential, to include all students.
  - Guidance when students may return to campus to fully move out of the Residence Halls will be provided before the end of the month. However, unless current state restrictions are relaxed, our move-out date will most likely not be until sometime in early June.

- All gyms, weight rooms, Wesley West, Drass Field, the Baseball Stadium, and the Softball field are closed and off limits.

- The select few essential personnel that remain on campus must wear a face covering whenever transiting through campus buildings, when in a room with somebody else, actively involved with maintenance inside a campus building, involved with food
preparation/delivery, or outside when at least six feet of social separation cannot be guaranteed.

- Only two individuals may utilize an elevator at any given time and face coverings must be worn, and at least six feet of social separation must be maintained.

Please continue to regularly check your Wesley email as well as the College's website for the most up to date information and guidance on our Coronavirus (COVID-19) page on our website – [https://wesley.edu/coronavirus-covid-19-information](https://wesley.edu/coronavirus-covid-19-information).

As our weather continues to get warmer, and more people find themselves outside, now is not the time to “throw caution to the wind”. Continue to STAY at HOME as much as possible, practice social distancing 24/7, wash hands thoroughly & often, utilize a face covering/mask when out in public, and follow mandated guidance. The power to stem the spread, and eventually defeat this virus, resides in the actions of each and every one of us - let’s do our job, do our part, and do what is needed to defeat Coronavirus (COVID-19).

For the thought of the day I will share a quote from General Ulysses S. Grant, that is worth reflecting on – “In every battle there comes a time when both sides consider themselves beaten, then he who continues the attack wins.”

All The Best & Go Wolverines!

Robert E. Clark II
President of the College
